

Challenge Name: tv buzz - 100 (MISC)

Challenge Info

**tv buzz
100**

Description261 Solves

Description

loves hiding things

Link: [file.zip](#)

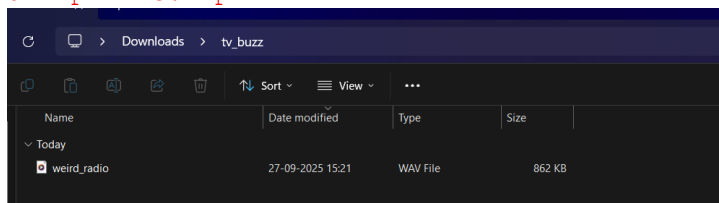

Flag Sample: `SPL{randomtext}`

Flag

Steps

1. Unzip the file

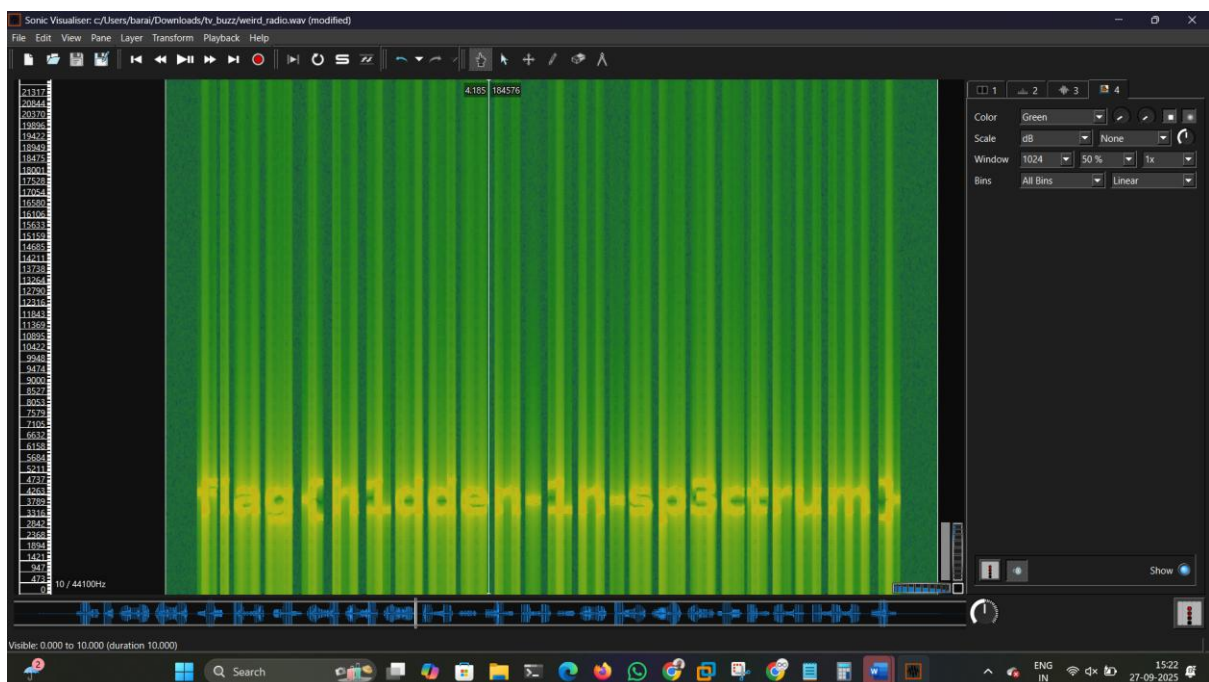

```
unzip file.zip
```

```
# extracted audio file which is weird_radio.wav
```

2. Open the audio in Sonic Visualiser

- File → Open → select the extracted audio file.
- Layer → Add Spectrogram.

3. Spot the flag

- The flag appeared clearly as text in the spectrogram:
- `flag{h1dden_1n_sp3ctrum}`
- Adjusted to the correct CTF format:
`SPL{h1dden_1n_sp3ctrum}`

Final

A straightforward spectrogram stego challenge — the flag was hidden in the frequency domain of the audio file inside the ZIP.

Flag: `SPL{h1dden_1n_sp3ctrum}`
